

Non-departmental electives can be any course offered by any department (**except BA and Technical Vocational School of Higher Education**) at METU. A non-departmental elective should meet the following criteria:

- The course should be worth 3 credit hours or more.
- The course should be 3rd or 4th year course (For example: ECON 354, IR 401, MATH 349).
- The course's content should not overlap with any of the courses that the student has taken before or will take in the future.

Free electives can be any course offered by any department (**except BA and Technical Vocational School of Higher Education**) at METU. A free elective should meet the following criteria:

- The course should be worth 3 credit hours or more.
- The course's content should not overlap with any of the courses that the student has taken before or will take in the future.
